PROJECTS

Blue Crates
Blue Crates is an on demand, full service storage provider. This app allows customers to request deliveries, catalog items and manage payments.

Rampart
An app to find establishments that do not discriminate. The app allows users to search and review businesses to build a community free of judgment.

Merlot's Art
Merlot's Art is a wine and painting experience. Customers can browse and purchase experiences. Admin features include: checking in, rescheduling and refunding.

Trackmap
A social networking app to track user trips on a map. On Trackmap users can follow and track their friends as they travel around the world, see who is nearby and message them.
